## *Prime Commercial Contract Overview*

- 
- Prime contractor for Insight Therapeutics, LLC providing application and software development where our development experts create custom websites from the ground up that includes deployment and maintenance. Our web applications are designed using the most modern technologies and development patterns utilizing .NET Core, SQL Server, and Angular which allows for easy future modifications and enhancements.

- Prime Contract #N50054-19-F-3001. Subcontractor to AECOM in support of the Mid-Atlantic Regional Maintenance Center (MARMC) (Code 210) providing programmatic, assessment, technical, logistics, and engineering services. i-Mazing provides systems analysis for the Discrepancy Documentation Tool (DDT) requiring expertise in Microsoft Access, Structured Query Language (SQL), Visual Basic for Application (VBA), and the full suite of 3-M Systems (PMS, CSMP, OARS, COSAL, and SHIPALT).
- Prime Contract #FA807514-D-0018, Task Order D-8089-S2. Subcontractor to Avatar Partners in support of the Naval Air Warfare Center – Training Services Division (NAWC-TSD) providing strategic solutions for Sailor 2025 and Ready Relevant Learning. i-Mazing has designed and developed the web application WODIN in support of RRL content modernization. This web application assists analysts in the performance of data collection workshops, reduces data redundancy, minimizes data entry errors, and standardizes the data collection process. The WODIN application consists of two parts - a web application and a desktop application. The web application is built using the Microsoft .Net Core framework and operates within the Microsoft Azure Government Cloud platform application boundary. This provides government compliant data security and high performance for the application. The desktop application is a standalone Microsoft .Net Core application that does not require installation on a local machine and synchronizes its data with the cloud version when an internet connection is detected.

- 
- Prime Contract #N00189-15-D-0033. Subcontractor to AECOM in support of Mid-Atlantic Regional Maintenance Center (MARMC) Hull, Mechanical & Electrical (HM&E) Division providing Tech Assist, Assessments, & Scheduling (TAAS); Submarine Technical Assistance, Assessment, & Reporting System (STAARS); Ship Technical Reporting Information Projection Execution System (STRIPES).
  - Prime Contract #N00189-15-D-0034. Subcontractor to AECOM in support of Mid-Atlantic Regional Maintenance Center (MARMC) Submarine Division providing Submarine Mechanical/Electronics Systems Engineering Support Services.
  - Prime Contract #N00189-16-D-0005. Subcontractor to AECOM in support of Mid-Atlantic Regional Maintenance Center (MARMC) C4I Division providing Combat Systems and Command, Control, Communications, Computers and Intelligence (C4I) Systems Support Services.
